

The Salt Lake Chamber proudly congratulates Utah Transit Authority as the recipient of the 2014 President's Award for Excellence.

Last year, UTA completed 70 miles of new light rail, commuter rail and streetcar lines two years ahead of schedule and \$300 million under budget. Operating one of the most cost-efficient transit systems in the country, UTA has increased ridership to an

all-time record of 44 million trips in 2013. With an extensive bus and rail system connecting the entire Wasatch Front, including a rail connection to the airport, we have a world-class transit system that is bringing new business, economic development and jobs to Utah.

On behalf of the business community, congratulations to the UTA Board of Trustees for contributing to the mobility, economic vitality and quality of life of residents along the Wasatch Front and throughout the state.
